To Whom It May Concern,

I am pleased to write this reference letter for Reed Simpson Construction in recognition of their exemplary work on the BID Food Services Project completed in the Cornubia Precinct, Ottawa South. Throughout the project, the contractor displayed exceptional skills in project management, construction, and communication, ensuring that all phases of the project were executed efficiently.

Their attention to detail and commitment to delivering high-quality results was evident from the beginning of the project to its completion. They demonstrated an excellent understanding of building regulations, safety protocols, and the complexities involved in construction, all while maintaining a positive and collaborative working environment.

The leadership and ability to coordinate with the design team, contractors, and subcontractors contributed to the smooth and timely completion of the project. I have no hesitation in recommending Reed Simpson Construction for any future building projects.

Sincerely,

Dean Moore
